

## MediNatura's Minimum Advertised Pricing (MAP) Policy

Version: Price Update Effective January 2021

MediNatura has unilaterally instituted a policy of minimum advertised price standards for its products, effective June 1, 2017 which applies to distributors and retailers, including catalogs and internet retailers (collectively, "Resellers"), who resell MediNatura's products to end users located in the United States.

**This MAP Policy shall work under the following guidelines:**

1. MediNatura will, from time to time, publish a Schedule of Manufacturer's Suggested Retail Prices ("MSRP Schedule"), which may be amended or adjusted by MediNatura at any time in its sole discretion. The MSRP Schedule will identify the effective date, the products and the manufacturer's suggested retail price ("MRSP") for those products. Each advertisement of a product identified with the MSRP schedule shall have the pricing floor shown in Exhibit A. Anything less will be a violation of this MAP Policy. MediNatura's products not specifically identified in the MSRP Schedule are not subject to this MAP Policy.
2. This MAP Policy applies to all advertisements of MediNatura products listed on the MSRP Schedule in any and all media, including, but not limited to, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, e-mail newsletters, e-mail solicitations, internet or similar electronic media, television, radio, and public signage. This MAP Policy is not applicable to any in-store advertising that is displayed only in the store and not distributed to any customer(s).
3. The inclusion in advertising of free or discounted products (whether made by MediNatura or another manufacturer) with a product covered by this MAP Policy would be contrary to this MAP Policy if it has the effect of discounting the advertised price of the covered MediNatura product less than the pricing floor listed above.
4. If pricing is displayed, any strike-through or other alteration of the MSRP that is paired with a discount price more than the pricing floor listed above is prohibited.
5. This MAP Policy applies only to advertised prices and does not apply to the price at which MediNatura products are actually sold or offered for sale to an individual consumer within Resellers' retail location or over the telephone. Resellers remain free to sell these products at any prices they choose under these circumstances.
6. This MAP Policy does not establish maximum advertised prices. All Resellers may offer MediNatura products at any price in excess of the MSRP.
7. Internet auctions may not display or have reserved bid or other acceptable prices less than the pricing floor listed in the MSRP.
8. Pricing listed on an internet site is considered an "advertised price" and must adhere to this MAP Policy. Once the pricing is associated with an intent to purchase (added to shopping cart or order), the price becomes the selling price and is not bound by this MAP Policy. Statements such as "add to basket to see price", "we will match any price", "call for price" or phrases of similar import are acceptable as long as the price advertised or listed for the products is not less than the pricing floor listed in Exhibit A. In addition, discounts applied at checkout to the entire order based on a customer's purchasing history with the Reseller, such as discounts for "frequent shoppers", do not violate this MAP Policy.
